May 13, 2016

Mr. David Sneed
Executive Director
School Building Authority of West Virginia
2300 Kanawha Boulevard, East
Charleston, WV 25311-2306

Dear Mr. Sneed:

The Roane County Board of Education voted last night to ask the WV School Building Authority for Qualified Zone Academy Bonds (QZAB) Funds for any additional cost on the Spencer Elementary School Physical Education Addition Project that was above the original cost estimate provided by ZMM. An updated estimated cost provided by ZMM shows that we would be requesting an allocation of $491,934. We are hopeful that the project can be placed on bid very soon with a bid opening on or before June 23, 2016. We have a board meeting the night of June 23rd and would approve the winning bid for this project. Also at this meeting, we would know where we stand on the exact amount of our request for QZAB Funds. Finally, I request that we be placed on your June 27th Agenda for QZAB Funds.

Thank you and your staff for the continued support and improvement of schools in Roane County. If you need further information please call me at (304) 927-6400.

Sincerely,

Jerry L. Garner

Jerry L. Garner
Superintendent
